CCN at the PTACC Summit 2023

The Police, Treatment and Community Collaborative's (PTACC) annual training event was held in Denver, CO on Oct 3-6 this year. CCN's Ms. Duncan, also PTACC Executive Leadership Council Secretary, was the Chair of this sold-out training event.

Ms. Duncan led a panel on juvenile initiatives, Mark Fontaine served on a Pathways panel representing the CCN brand, and Ms. Duncan and Mr. Fontaine presented on Civil Citation programs for juveniles and adults. Civil Citation Network was again, a PTACC summit sponsor.

Ms. Duncan and Mr. Fontaine presented a breakout session on Civil Citation Programs

CCN presented to a full room on adult and juvenile pre-arrest diversion, or civil citation programs. There was active audience engagement, and CCN presented a wealth of good ideas and resources for a successful program! It was great to see juvenile initiatives and programs well represented this year!

Behind the PTACC Summit Scenes

Ms. Duncan, as the Summit Chair, worked behind the scenes managing contract renegotiations, banquet event orders, venue logistics (pre and on site), the scholarship process from beginning to end, budget, and running many planning committee meetings. She also assisted with the RFP process, the agenda, website information, sponsors, fielding questions and presenting information to the ELC and NLC! She also presented twice! Kudos!!

Ms. Duncan Presented at Breakout Panel Session

Ms. Duncan joined with Jeff Ralph of JusticeWorks and Rich Bowlen of Cordata Healthcare Innovations on a panel for **Reducing Arrests, Building Community!** The focus was on juvenile civil citation programs, community resources and supporting data. Funding resources were also provided.

Annual Recovery Luncheon

CCN and PTACC representative Ms. Duncan attended the annual Faces and Voices of Recovery Luncheon in Washington, DC on September 7th where she represented PTACC! Dr. Gupta was one of the esteemed speakers.

There was a full agenda of relevant and inspiring presentations, it was well organized and tickets were sold out. The luncheon was followed by a recovery walk to the Capitol.

Training Tips

There are five critical foundational components for a successful pre-arrest initiative/program:

1. **Public safety**
2. **Collaboration**
3. **Access to services**
4. **Justice equity**
5. **Data driven evaluation**

Developing your policies and procedures around these components provides an inclusive, fair and logical framework to develop, implement, monitor and improve upon your program or initiative.

The Civil Citation Network has been working this year with their partners in Okaloosa and Escambia counties with resources, networking connections and other helpful information!
