

January 2024 Issue #6

CCN Presenting at Ohio Deflection Conference

Ms. Duncan will be a panelist, along with the Honorable Judge Vandervoort. Rich Bowlen of Cordata Healthcare Innovations, will be the moderator.

The Annual Ohio Deflection Conference appears to be heading towards being yet another successful event, and CCN is pleased to be a part of it! A panel, to be moderated by Rich Bowlen of Cordata Healthcare, will include Ms. Duncan of CCN, and the Honorable Judge Terre Vandervoort. They will be presenting important information and resources for juvenile deflection/pre-arrest, also known as Civil Citation! (Note: Civil Citation is an authorized use of Opioid Settlement monies!)

CCN in the Field

Mr. Olk has been busy working with area partners in developing adult pre-arrest diversion programs in North Florida! Tom's expertise lends well to this process and CCN is looking forward to hearing about good outcomes!

Helping Your Community Create Pre-Arrest Diversion (Civil Citation) Programs: An Effective Alternative to Arrest

CCN wishes
everyone a safe,
healthy and Happy
New Year!

Watch for the Save the Date coming soon for the Annual PTACC Deflection Training Summit in Seattle! Ms. Duncan will be chairing again in 2024 and she has been hard at work behind the scenes.

PTACC (Police, Treatment and Community Collaborative) is made up of 64 partners and counting with the goal of growing and sustaining the field of deflection and its six pathways.

Training Tips

Ongoing communication of program outcomes helps keep your community, stakeholders and possible funders involved and informed. Advisory boards or steering committees who meet at least quarterly are helpful in this regard. This data and information sharing also allows the program staff to address opportunities presented by the data to enhance the program, as well as tout the successes of the program!

Check out one of our partners, the Justice Community Opioid Innovation Network (**JCOIN**) and the work they are doing! This program studies approaches to increase high-quality care for people in justice settings with opioid misuse or opioid use disorder. The research tests strategies to expand effective treatment and care in partnership with local and state justice systems and community-based treatment providers.

**GLOBAL LAW
ENFORCEMENT &
PUBLIC HEALTH
ASSOCIATION INC.**

GLEPHA SIG:

Deflection and Diversion

Ms. Duncan was elected to the leadership team of the international Global Law Enforcement Public Health Association.

Check out the website at <https://glepha.com/special-interest-groups/deflection-and-diversion-sig/>

CCN's Ms. Duncan participated in another partner consortium meeting with NCHATS on Nov 28. Check out their website to see the good work they are doing!

Mr. Olk, Ms. Duncan and Mr. Fontaine are all participating in the newly developed Youth Strategy Area in PTACC. They and other juvenile deflection experts are developing a one-pager on youth deflection and pre-arrest diversion and possibly something a little more ambitious. Stay tuned!

ROME CONSENSUS

TOWARDS A HUMANITARIAN DRUG POLICY

Rome Consensus 2.0 is planning side events in Vienna for 2024 to help spread the word about the work they are doing in Rome regarding humanitarian aid such as ATI, or alternatives to incarceration, for those individuals with SAMH challenges. Ms. Duncan serves on the Rome Consensus 2 committee. <https://romeconsensus.com/>
