PTACC 2024 International Summit

Ms. Duncan is again Chair of the PTACC Summit and is excited to be heading to Seattle for what will be a premiere event! There is an array of inspiring and informative presentations, networking, and opportunities to visit an exciting international city, the birthplace of LEAD! Ms. Duncan will also be part of a youth deflection launch plenary and co-presenting with a group of professionals on the topic of juvenile deflection.

THE ANNIE E. CASEY FOUNDATION

Peria Duncan of CCDDN participated in a Justice Link "huddle" as part of a Annie E. Casey Foundation initiative on July 18th. She was joined by Denise Bertin-Epps of NACoA and Hector Balderas of NM, and the event was moderated by the Blue Shoes Group. They discussed juvenile deflection and shared a number of great resources!

What's the Justice Link? It's an interactive, engaging virtual community where individuals come to share their work and learn about the work of others.

Training Tip

When developing a deflection program, work collaboratively with community partners. Invite community members and stakeholders including law enforcement and the DA/prosecutors, treatment providers, social service providers, those with lived experience and others who want to improve the community!

CCDDN in Action

Mr. Olk and Mr. Fontaine continue their efforts on helping develop deflection and pre-arrest diversion programs in north Florida! Relationship building, educating, listening, leveraging resources and creating partnerships are all part of a good foundation for DPAD.

CCDDN in Action

Ms. Duncan joined a deflection group in eastern Oregon in July!

Ms. Duncan will be leading a presentation in an international webinar on Sept 26th on the Foundations of a Successful Deflection Program!
